11. Public question time

Cllr Norman Davis has previously been asked what the Parish Council responsibilities are and so he outlined these as the predominantly the bus shelter, the telephone box, speed cameras, benches and the Pound.

Concern was expressed that the speed cameras do not always deter speeding but in other areas they do have the impact that is wanted.

The S106 money attached to the Priday development that it was hoped could be used for the new shed at the Playing Field cannot be accessed by Corse Parish Council as it has been advised that Corse has an excess of Youth and Adult recreation.

There are concerns that the surgery may not have the capacity to cope with the additional patients when the new houses are all sold. It was advised that to make an appointment with a specific doctor sometimes can take 3 weeks but if you are willing to see any doctor the time is significantly reduced. The surgery has also converted a meeting room into three additional rooms in which patients can be seen, and nurses are now also taking on more tasks.

Cllr Jayne Millar advised that Staunton will be considering the roundabout at their May meeting and will possibly be asking for this to be moved slightly and flattened.

12. Closure of Meeting

Cllr Jayne Millar thanked all those present for attending and the meeting was closed at 8.30 pm.
